

Praying for revival

Weekly Prayer Emphasis Guide

Week 7: (Week of September 13, 2020)

Lift Up (James 4:10)

The days we live in presently can lead to despair and depression. Too much news and social media can leave you wondering if any information is correct. For believers, we know that one place we can get facts and uplifting information is from the God's Word. Every time we read Scripture we are reading what God wants to reveal to us about Himself.

Psalms 4:6-8 (NKJV)

6 There are many who say,

"Who will show us any good?"

Lord, lift up the light of Your countenance upon us.

7 You have put gladness in my heart,

More than in the season that their grain and wine increased.

8 I will both lie down in peace, and sleep;

For You alone, O Lord, make me dwell in safety.

Let Psalm 4 and especially verse 8 give you peace today. Knowing that when we look to God and read His Word, we are getting exactly the news we need to hear for today. Anytime we look to God we are encouraged, because he always has His best for us. Therefore, look to God and allow Him to lift you up today.

"Lord I am looking to you today, and not the world, because I want to be lifted up."
